

**RAND McNALLY**

# Leading truck-specific navigation.

**FMCSA  
warns drivers  
to use  
truck-specific  
GPS.**

The TND™ 760 includes the same award-winning truck navigation found in Rand McNally's GPS devices. With 35% more truck routing information, Rand McNally's navigation keeps drivers on track – which in turn helps keep them safe and may save you 8% to 10% in fuel costs.\*

Beyond navigation, the TND™ 760 can be used for everything from logging Hours of Service and Vehicle Inspection Reporting, to providing a full-fledged enterprise solution with critical event reporting and driver/vehicle performance management. All of this while providing drivers an in-cab navigation unit that they know and trust.

Low cost. High value. Quick ROI.

High driver acceptance.

**Leading truck-specific navigation.**

Unmatched customer support.

Trucking innovation for 75+ years.

Integrated with key TMS programs.

A brand you know and trust.
